Dear District Administrator:

We understand that you all have lots of good information on your websites and in schools to help parents as they navigate SES. This brief is meant as an additional resource to introduce parents to our research and some larger issues with SES.

- Please feel free to post it to your district website, distribute it in paper form, etc.
- The brief is in Spanish and English versions.
- This is the first of a number of additional briefs to follow this year. We will be in touch about these throughout the year.

We welcome your feedback. Please contact us with any suggestions and feel free to visit our website for more information:
